Mr. Michael Parsons
Bedford Recycling – Bedford Yard
904 Summit Lane 103
Bedford, Indiana 47421

Dear Mr. Parsons:

Re: Return to Compliance Letter for June 20, 2010 inspection
Bedford Recycling, Inc. – Bedford Yard
EPA ID # Non-Notifier
Bedford, Lawrence County

Based on an e-mail received on September 23, 2010 and observations made on December 6, 2010 during an Enforcement Follow-up Inspection (EFI) for the original inspection on June 20, 2010, additional information was needed to confirm compliance with violations cited during the June 20, 2010 inspection. Additional information was received by electronic mail on March 2, 2011 which required a file search and contact with Region V EPA. After reviewing this information, it has been determined that your facility has achieved compliance with the terms of this report.

Please note, as indicated in the December 6, 2010 EFI report, violations noted under the headings of "Air" and "Water" have been referred to the appropriate IDEM Office for further determinations and compliance evaluations.

Please also note that the information submitted for violations noted under the heading of "PCBs" has been reviewed and have been determined to appear to meet the requirements listed within the Federal PCB regulations and EPA guidance for such. However, EPA staff have indicated to IDEM that this "Return to Compliance Letter" does not relieve Bedford Recycling from compliance with federal regulation and does not preclude EPA from initiating any enforcement action, seeking civil penalties, for any violation of federal regulations.

Thank you for your cooperation. If you have any questions concerning this matter, please contact me at either dhunt@idem.in.gov or (317) 234-6933.

Sincerely,

Dorel A. Hunt
Environmental Manager
Industrial Waste Compliance Section 1
Compliance and Response Branch
Office of Land Quality
